BRUSSELS SPECIAL VENUES

EVENT LOUNGE

EVENT LOUNGE IS ONE OF THE MOST INSPIRING VENUES OF BRUSSELS

Event Lounge offers a unique and modern décor for all your events from 50 to 1150 attendees. Totally renewed, the ample skylight floods the space with sunlight. But the venue's ambiance also changes when darkness falls. A metallic work of art ripples in the atrium, giving it a magical appearance, whilst at the same time underlining the modernity of the space.

Whether it is for a seminar, an exhibition, a product launch or any other type of event, the Event Lounge lends itself easily thanks to its modularity. With its 2500m² Event Lounge offers multiple combinations to make your event unforgettable. In addition to its large reception area with terrace, the Event Lounge also has a 1250m² studio.

The Event Lounge is easily accessible and situated nearby the heart of Brussels & Brussels National Airport. Event Lounge has a private parking of 150 cars and parking facilities in the surroundings of 400 cars.
