

AUTOWORLD

AUTOWORLD IS THE IDEAL AND PARTICULARLY ORIGINAL LOCATION TO ORGANISE AN EVENT

Autoworld is the ideal and particularly original location to organise an event, be it big or small, intimist or prestigious, during the day or of an evening, for a seated diner, a walking buffet or a simple cocktail party... a private or corporate event, the launching of a product or a concept, business presentations, seminary ...

Autoworld can accommodate from 5 up to 1,000 persons, in one of the halls, on the 2.000m² mezzanine or along the 'blue boulevard' amongst the restored and beautifully preserved cars. It goes without saying that thanks to its architecture and splendid collection of motorcars (one of the most impressive in Europe) this exceptional site will bring an added value to your events! And it is not only the men who show a liking for cars ...
