

## BIBLIOTHÈQUE SOLVAY

SITUATED IN LEOPOLD PARK IN THE HEART OF THE EUROPEAN AREA, THE BIBLIOTHÈQUE SOLVAY (SOLVAY LIBRARY) CAN HOST ANY TYPE OF EVENT.

Behind its simple classical facade, the Bibliothèque Solvay hides a rich decor of precious wood, mosaics and stained glass windows, all covered by a large glass roof. This listed building of 1902 is one of the finest examples of eclecticism in Belgium. This prestigious setting lends events a particular elegance and charm.

When the weather allows it, the terrace is a very nice place to welcome your guests, with a magnificent view on Leopold Park.

The Bibliothèque Solvay's team (Edificio) has a full array of logistical services at your disposal and is keen to advise you in every aspect of the organisation of your event at this "special venue" (sound system, audio-visual equipment, simultaneous translations, hostesses, photographer, floral arrangement and decoration, renting of material and entertainment...)
