Your meeting centre is adapting for your safety and comfort

We're ready to welcome you!

BIP, located in the centre of Brussels, offers you a dozen rooms for all kinds of events. We've redesigned our spaces and services to suit a new style of meeting!

YOUR SAFETY AND COMFORT ARE OUR PRIORITY

- Wearing a **mask** that covers both the nose and mouth is mandatory.
- Automatic **hydroalcoholic gel dispensers** are available throughout the meeting centre.
- **Plexiglass panels** have been installed in the reception areas.
- Our welcome and support teams make sure that **social distancing** and hygiene rules are respected during events.
- A **limited number of people** will be permitted in the building at any one time and the doorways to each room will be open to allow visitors to move about freely.

NEW CATERING OPTIONS

We offer individually wrapped meals. The service is provided by our gloved and masked team and we invite you to enjoy your meals seated at the table.

Organising outdoor catering is a pleasant solution to reduce the risk of virus transmission. On sunny days, the BIP offers you the possibility to rent its magnificent outdoor space for your coffee breaks, lunches and dinners.

ADAPTED CAPACITIES!

To guarantee 1.5m social distancing between participants, the capacity of each room has been adapted to the following requirements. Discover the new capacities and what they will look like in reality.

GETTING TO THE BIP

Travel by bicycle is encouraged. To this end, additional bicycle parking facilities have been installed in the main courtyard (11 place Royale).

A MORE FLEXIBLE CANCELLATION POLICY

We are conscious of the current uncertainties and understand the difficulties of organising events within this context. We have, therefore, relaxed our cancellation policy.
