# 01. Intro

---

Space that works for you!

Because your success deserves our full attention, we are extremely proud to announce you the birth of a new standard setting Business & Event Center: Frame21 Brussels Airport.

With breathtaking views and a metropolitan aviation style interior from the early 60's this one-of-a-kind co-workspace has opened its doors since January 2021.

---

## 02. Location & views

---

Space that works for you!

Park view, B2B corporate view or Brussels Ring (R0) view? Located close to Brussels Airport watching iron birds take off and land, our location is situated in a strong Corporate Village, close to Brussels city and easily accessible via car & public transport.

A near perfect location for flex workers, start up's, independents, one-man business & small or big companies with a local or international focus.

---

# 03. Reference & inspiration

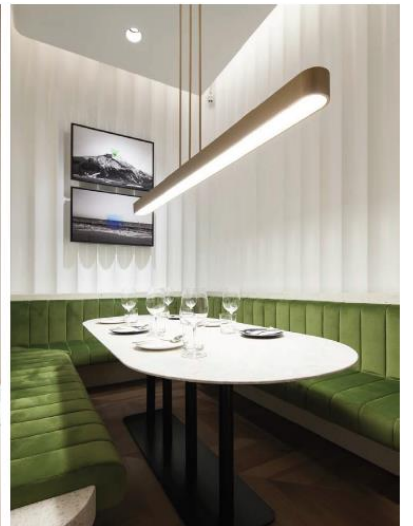

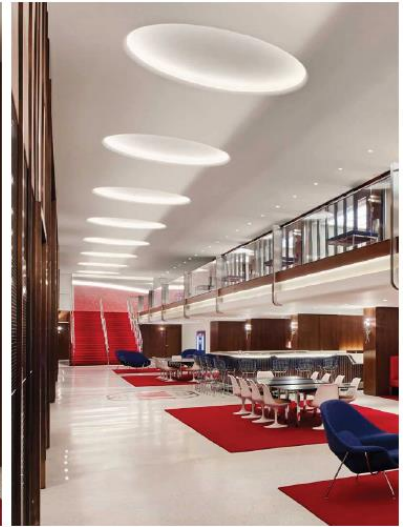

---

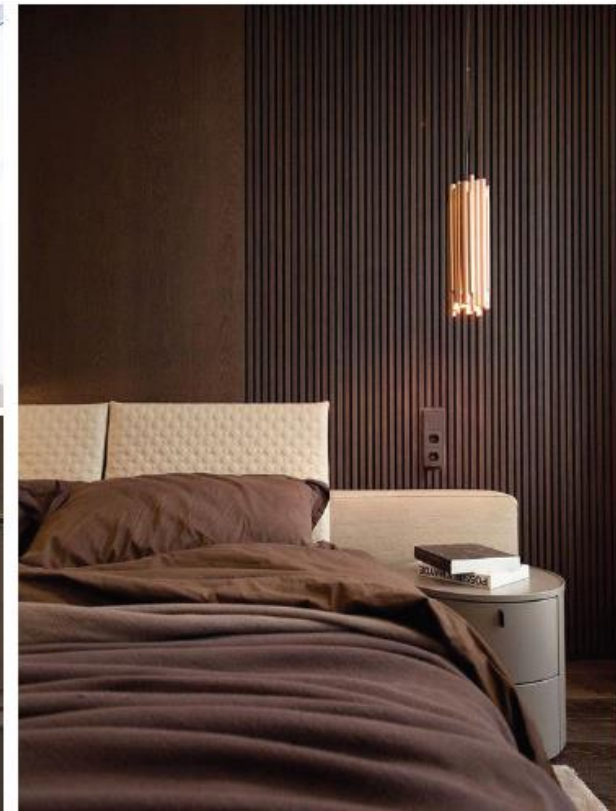

Space that works for you!

TWA hotel @ JFK Airport was our reference in which we have succeeded to bring an “aviation chic” lounge vibe throughout Frame21 Brussels Airport. How? Via presence of white walls, dark wood textures, color accents with fabrics & (design) furniture
